

Chapter 2 – God Comes to Meet Us

This chapter focuses primarily on Revelation – the written Word of God as contained in Sacred Scripture. Revelation is God’s self-disclosure; it enables us to learn about God’s inner life. God’s Revelation unfolded gradually throughout history and reached its fulfillment in the life, death, and Resurrection of Jesus Christ. People have been profoundly changed by God’s Revelation. It requires faith to respond to God’s revealing word and to perceive the divine action in history.

Private revelations, such as appearances of Jesus or Mary to individuals, add nothing to what was revealed up to and through Christ; they enhance what has already been revealed.

Reflection:

- When was there a moment in your life when you felt in a special way the Presence of God?
- What stories in the Bible have been especially meaningful to you?
