Bishops Appeal – Getting the word out

- Need to find ways to generate all of the funds for this, otherwise we are assessed the extra money
- Target numbers are higher than ever
- People need to make the connection of how the dioceses fits into our specific parish
- Father will be putting a note into the bulletin concerning what the dioceses does for us
 - This will possibly be multiple letter to address the whole thing
 - There will also be follow-up in the newsletter later
- There is a DVD to explain the bishops appeal, but playing it in church isn't a very popular option
- This committee will provide copies that people can watch on their own time at their own home.

Financial numbers from the parish

- Just trying to go over all the numbers and look at where things are at fiscally
- The metrics help us see where we are at and where we are going

Feedback regarding membership listing

- Reviewed the numbers of the parish and considered what to do with certain categories of members
- Would like a follow up letter sent to the newsletter only group to verify membership
- Karen and Marcia will help to create this letter for the (349 newsletter only) group
